

Activity of the Week

Classifying Living Things -In this activity, you will see a large grid of green square tiles. Each tile will have a different plant or animal on it. See if you click on the correct tiles that belong to the category shown in each round of the game. When you think that you have clicked on all of the correct tiles, then click the "GO" button on the bottom of the screen. You will then find out if you got them all correct. **BE SURE TO PLAY THIS ACTIVITY MORE THAN ONCE!!!** When you find out your final score, be sure to click the "Play Again" button for more fun.

Your first name:

Your last name:

Which organism DOES NOT eat insects?	<input type="radio"/> A spider <input type="radio"/> A venus flytrap <input type="radio"/> A bat <input type="radio"/> A cockroach
